ICT/ CS Group Project – ICT3411 / COM3405

The Guideline for Poster

- The poster should be A0 size (A0 size is 841mm x 1189mm) in portrait orientation.
- The poster should be easily readable at a distance of 2m.
- Title and the content of the posters should be the same as the title and the content of the dissertation.
- Title should be shown at the top of the poster using title case with minimum of 48pt font size. 48 to 60pt font size is recommended for headings.
- Use UPPERCASE lettering only for headings. Do not use only UPPERCASE in the general content of the poster unless it is not required.
- The text in the content should be *minimum* 24pt font size.
- The contents should encompass separate panels for following components (*but not limited*)
 - Introduction
 - Methods
 - Results and Discussion
 - Conclusion
- Figures and tables should consist of a short heading and the figure legends should be short but informative.
- Figures should be no smaller than 12cm x 18 cm.
- A visual guide to design posters is given in following link:
